

Elevating the Stage for  
Sports and Entertainment.

# HyStez Token

White Paper (Ver 2.1)

## Disclaimer

*Hystez Token is a utility token designed for use in the sports and entertainment industry. It does not represent equity, ownership, or any form of financial security in any entity. Hystez Token is not intended to be an investment vehicle, and its value may fluctuate based on market conditions and demand.*

*The ultimate goal of Hystez Token is to achieve seamless liquidity and interchangeability, enabling the legal and secure flow of digital assets within the sports and entertainment ecosystem. Hystez Token confers no other rights in any form, including but not limited to ownership, distribution (including but not limited to profit), redemption, liquidation, proprietary (including all forms of intellectual property), or other financial or legal rights, except those specifically described in the White Paper.*

*The purpose of this White Paper is to present Hystez Token to potential users, partners, and network participants. The information provided in this document is for informational purposes only and does not establish any contractual obligations. This document may be updated or modified at any time to reflect new developments, corrections, or improvements.*

*Users should conduct their own research and seek professional advice before engaging with Hystez Token. The Hystez Token team does not guarantee any financial returns, and participation in the token ecosystem is at the user's own risk.*

*Regulatory requirements and laws regarding cryptocurrencies vary across jurisdictions. It is the responsibility of users to ensure compliance with local regulations before purchasing, trading, or using Hystez Token. The terms and conditions, including tokenization and burning criteria, are subject to change at any time as deemed necessary by the project team.*

*We are not responsible for any interpretations, assumptions, or decisions made based on the information presented in this document. By interacting with Hystez Token, users acknowledge and accept these terms.*

## Introduction:

HyStez is a premier global sports and event management entity dedicated to delivering unparalleled real-world experiences across the domains of sports, music, film, and live entertainment. With an unwavering commitment to excellence, HyStez curates, organizes, and manages high-profile events that captivate audiences, bringing them closer to the action like never before.

Unlike traditional digital entertainment and online gaming platforms, HyStez prioritizes real-world engagement, focusing on live events that create immersive and thrilling experiences for fans. Whether it's an electrifying sports tournament, a mesmerizing music concert, a prestigious film awards ceremony, or an industry-defining trade expo, HyStez ensures that every event is executed with precision, innovation, and a deep understanding of audience expectations.

At the core of HyStez's vision is a passion for uniting people through the power of live entertainment. In a rapidly evolving digital age, where virtual interactions often overshadow physical experiences, HyStez bridges the gap by providing opportunities for fans to witness and participate in major sporting events, music festivals, and cultural celebrations first-hand. HyStez collaborates with leading sports franchises, globally renowned artists, film industry pioneers, and corporate leaders to craft unforgettable moments that transcend borders and cultures.

To enhance event experiences and expand its reach, HyStez can collaborate with local event and sports management companies. These strategic partnerships allow for seamless event execution, leveraging local expertise, venue access, and audience insights to create truly engaging and successful live experiences. By working with established regional organizers, HyStez ensures that each event is tailored to meet the expectations of diverse audiences while maintaining its global standards of excellence.

HyStez also leverages cutting-edge engagement strategies to enhance audience participation and interactivity. By incorporating elements such as fan-driven voting, VIP experiences, exclusive backstage access, and interactive event technologies, HyStez transforms passive spectators into active participants. Every event is designed to offer not just entertainment but a deeper connection to the sports and entertainment industries, fostering a sense of belonging and excitement.

With a global reach and a diverse portfolio of events, HyStez continues to redefine live entertainment by combining passion, innovation, and expertise. Whether it's an adrenaline-fueled sports championship, an iconic film festival, a chart-topping music concert, or a ground-breaking business expo, HyStez is dedicated to creating spectacular experiences that leave a lasting impact.

By pushing the boundaries of what live entertainment can be and collaborating with local partners for an enhanced experience, HyStez is not just organizing events—it is shaping the future of sports, music, film, and cultural celebrations on a global scale.

# Challenges in the Entertainment and Sports Industry and How HyStez Utility Tokens Provide Solutions

As the entertainment and sports industries evolve, they face numerous challenges related to financial sustainability, audience engagement, ticketing, revenue generation, and fraud prevention. The integration of blockchain technology and utility tokens offers innovative solutions to many of these issues. Below are the key challenges and how our utility tokens address them:

## 1. Challenge: Inefficient and Costly Payment Systems

- Traditional payment methods for ticketing, merchandise, and in-event transactions involve high processing fees, slow settlements, and currency exchange complications.

### Solution with HyStez Utility Tokens:

- Utility tokens enable instant, low-cost, and borderless transactions, eliminating intermediaries and reducing fees.
- Smart contracts automate settlements, ensuring secure and transparent transactions for event organizers, sports franchises, and fans.

## 2. Challenge: Ticket Fraud and Scalping

- Fake tickets, overpriced resale markets, and unauthorized ticketing platforms lead to losses for event organizers and a bad experience for fans.

### Solution with HyStez Utility Tokens:

- Blockchain-based ticketing ensures authenticity, preventing counterfeiting and unauthorized resales.
- Smart contracts enable fair resale policies, restricting scalping and ensuring price transparency.

## 3. Challenge: Lack of Transparency in Revenue Distribution

- Artists, athletes, and event organizers often struggle with delayed and opaque revenue-sharing models.

### Solution with HyStez Utility Tokens:

- Smart contracts enable automatic, real-time revenue distribution, ensuring fair compensation for performers, teams, and organizers.
- Transparent blockchain transactions reduce disputes and eliminate intermediaries.

## 4. Challenge: Limited Fan Engagement and Reward Mechanisms

- Fans lack meaningful ways to interact with their favourite teams, artists, and events beyond traditional ticket purchases.

**Solution with HyStez Utility Tokens:**

- Fans can earn and redeem HyStez Utility Tokens for exclusive rewards, VIP experiences, and merchandise.
- Gamification features like fan voting, token-based loyalty programs, and digital collectibles enhance engagement.

**5. Challenge: Complex Cross-Border Transactions**

- International events require dealing with multiple currencies, banks, and financial regulations, causing delays and increased costs.

**Solution with HyStez Utility Tokens:**

- HyStez Utility Tokens provide a universal currency that can be used globally without conversion fees.
- Smart contracts automate cross-border transactions, reducing bureaucracy and settlement times.

**6. Challenge: Sponsorship and Advertising Transparency**

- Brands investing in sponsorships and advertising often lack data-driven insights and ROI measurement.

**Solution with HyStez Utility Tokens:**

- Blockchain records real-time engagement data, providing transparent advertising performance metrics.
- Token-based sponsorship models ensure targeted exposure and verifiable audience reach.

**7. Challenge: Monetization of Digital Content and Streaming**

- Content creators, musicians, and sports leagues struggle to monetize digital content without losing revenue to centralized platforms.

**Solution with HyStez Utility Tokens:**

- Direct-to-consumer tokenized payments allow creators to monetize content without intermediaries.
- Pay-per-view and microtransactions via HyStez Utility Tokens offer seamless digital content purchases.

**8. Challenge: High Costs of Organizing Events**

- Event organizers face high upfront costs for venue bookings, promotions, and artist payments.

**Solution with HyStez Utility Tokens:**

- Crowdfunding through token sales allows early funding for events, reducing financial risks.
- Token-based rewards incentivize early ticket purchases and sponsorships.

# What is Blockchain?

Blockchain is a decentralized and secure digital ledger that records transactions in a transparent and tamper-proof way. Instead of relying on a central authority (like a bank or a company) to verify and store data, blockchain distributes the information across a network of computers. Each transaction is stored in a "block," and once verified, it is added to a chain of previous transactions—hence the name blockchain.

## Simple Example:

Imagine a public notebook where a group of friends records their expenses whenever they share a meal. Once an entry is written down, it cannot be erased or changed, ensuring fairness and transparency. Every friend has an identical copy of the notebook, so if someone tries to cheat by altering an expense, the others will notice the mismatch immediately.

## Benefits of Blockchain:

- **Eliminates intermediaries**, reducing reliance on banks, brokers, and third parties, leading to lower transaction costs and increased efficiency.
- **Enhances security** through advanced cryptographic encryption and decentralized data storage, making it nearly impossible to hack or alter data.
- **Ensures transparency** by maintaining a public, verifiable ledger where all transactions can be tracked in real time.
- **Prevents fraud and tampering** with immutable records, ensuring that once data is recorded, it cannot be changed or erased.
- **Enables faster transactions**, especially for cross-border payments, by eliminating delays caused by traditional banking processes.
- **Automates agreements with smart contracts**, allowing self-executing contracts that reduce the need for manual processing and eliminate disputes.
- **Improves traceability** in supply chains, logistics, and asset management by providing a clear, unchangeable history of transactions and ownership.
- **Increases financial inclusion**, allowing unbanked and underbanked individuals to access financial services through peer-to-peer blockchain transactions.
- **Supports tokenization of real-world assets**, enabling fractional ownership of high-value assets like real estate, art, and event tickets.
- **Reduces administrative and operational costs**, as blockchain removes paperwork, manual reconciliations, and redundant processes.
- **Improves accountability** in sectors like voting, healthcare, and finance by creating transparent and tamper-proof records.
- **Creates new opportunities for decentralized applications (dApps) and services**, leading to innovation in gaming, entertainment, finance, and more.

# HyStez Token: A Multichain Approach for Enhanced Scalability and Efficiency

## What is a Multichain Token?

A Multichain Token is a cryptocurrency that exists and operates across multiple blockchain networks, allowing users to transact and interact with it on different platforms without being restricted to a single blockchain. Unlike traditional tokens that are confined to one ecosystem, multichain tokens are designed for cross-chain interoperability, ensuring greater accessibility, scalability, and flexibility.

By being deployed on multiple blockchains, a multichain token benefits from faster transactions, lower gas fees, increased security, and exposure to diverse blockchain communities. Users can choose the most efficient network based on cost and speed, while developers can integrate the token into various decentralized applications (dApps), DeFi protocols, and NFT marketplaces across different ecosystems. This approach eliminates blockchain silos, enhances liquidity, and ensures that the token remains adaptable as blockchain technology evolves.

## About HyStez Multichain Token:

The **HyStez Token** is a **multichain utility token**, designed for seamless integration across multiple blockchain networks. Initially, it will be deployed on **Binance Smart Chain** (BSC), **BIGB Smart Chain**, and **Polygon**, each offering unique benefits. BSC is known for its low transaction fees, fast processing, and strong dApp ecosystem, making it ideal for scalable transactions. **BIGB Smart Chain** provides high-speed transactions, lower gas fees, and strong regional support, ensuring an optimized experience for gaming, sports, and entertainment applications. **Polygon**, as a Layer-2 scaling solution, enables low-cost, high-throughput transactions with Ethereum compatibility, making it highly suitable for DeFi, NFTs, and Web3 integrations.

By leveraging a multichain architecture, HyStez Token enhances accessibility, scalability, and interoperability, allowing users to interact with the token across different networks while benefiting from lower transaction costs and faster processing. This approach also enables HyStez Token to tap into diverse **blockchain communities**, each with its own ecosystem of users, developers, and investors, further expanding adoption and utility. Additionally, we plan to extend HyStez Token to other leading blockchains such as Ethereum, Solana, and Avalanche, ensuring greater liquidity, cross-chain functionality, and long-term sustainability within the sports and entertainment industry.

# HyStez Exclusive Event Line-ups

## Sports

HyStez is committed to delivering high-quality live sports experiences, offering a diverse range of competitive events across various disciplines. From major international tournaments to regional championships, HyStez provides a platform for athletes to showcase their skills while engaging fans with real-time action. With a focus on professional and amateur sports, the events span multiple categories, including cricket, football, combat sports, motorsports, and endurance races. By integrating strategic partnerships, advanced event management, and blockchain-based innovations, HyStez enhances fan participation through secure ticketing, digital ownership of exclusive content, and seamless interactions within the global sports ecosystem.

### Cricket Tournaments (Men/Women)

Cricket is more than a sport—it's a passion. HyStez hosts diverse cricket tournaments, including One-Day, T20, Tape Ball, Premier League, and Under-Arm formats. From international tournaments featuring top players to inter-state, inter-college, and inter-school competitions, we ensure every level of the game is celebrated. Our celebrity cricket matches add excitement, bringing sports and entertainment together in a spectacular way.

### Kabaddi Tournaments (Men/Women)

HyStez celebrates the growing popularity of Kabaddi by organizing Pro Kabaddi, Circle Kabaddi, Amar Kabaddi, and Beach Kabaddi tournaments. Whether it's international championships or regional tournaments, our events bring the energy, agility, and power of the sport to fans worldwide.

### Football Tournaments (Men/Women)

With a massive global following, football is at the heart of HyStez's sports lineup. We organize inter-school, inter-college, inter-state, and international football tournaments, offering young and professional players a chance to shine. These events not only promote athletic talent but also foster team spirit and global camaraderie.

## Tennis Tournaments (Men/Women)

HyStez hosts high-intensity tennis tournaments across singles, doubles, and mixed doubles formats. Whether it's an international-level competition or a grassroots event like inter-college or inter-school championships, we provide athletes with a prestigious platform to showcase their skills.

## Badminton Tournaments (Men/Women)

With rising global popularity, badminton is one of the most exciting and fast-paced sports. HyStez organizes international, inter-state, inter-college, and inter-school tournaments, offering top players and emerging talents the chance to compete at the highest level. Singles, doubles, and mixed doubles categories ensure inclusivity and competition for all skill levels.

## Hockey Tournaments (Men/Women)

A sport rich in tradition and competitive spirit, hockey is a key part of our sports line-up. HyStez hosts international hockey tournaments, along with inter-state, inter-college, and inter-school competitions, fostering the growth of this dynamic sport.

## Pickleball Tournaments (Men/Women)

Pickleball is gaining worldwide popularity, and HyStez is at the forefront of this trend. Our international, inter-state, inter-college, and inter-school pickleball tournaments offer athletes an exciting opportunity to compete in one of the fastest-growing racket sports.

## Marathons

HyStez brings endurance sports to the next level with a series of marathons, including traditional road marathons, trail marathons (forest or mountain), relay marathons, adventure marathons, and charity runs. These events promote fitness, community engagement, and social impact, attracting runners from across the globe.

## Combat Sports (Men/Women)

Combat sports have a massive fan following, and HyStez delivers thrilling boxing, judo, karate, taekwondo, and Indian wrestling tournaments. Our professional wrestling (WWE-style) events add an entertainment factor, blending athleticism with storytelling. From local championships to large-scale tournaments, HyStez ensures action-packed events for combat sports enthusiasts.

## Car Racing

For motorsport lovers, HyStez organizes single-seater, open-wheel car racing, touring car racing, sports car racing, rally racing, off-road desert racing, and kart racing. Whether it's high-speed circuits or challenging off-road terrain, our racing events bring adrenaline and excitement to both drivers and spectators.

## Bike Racing

HyStez embraces the spirit of extreme motorsports with motocross, supercross, enduro racing, rally raid, professional drag racing, and freestyle motocross events. Our races push the limits of speed, skill, and endurance, attracting top riders and enthusiastic fans.

## Other Exclusive Sporting Events

In addition to major sporting tournaments, HyStez offers a range of special events, including opening ceremonies, player meet-and-greet events, pre-game celebrations, winning parties, and roadshows. These experiences provide fans with unique engagement opportunities, making every sporting event more interactive and memorable.

## HyStez Exclusive Event Line-ups

### Entertainment : Creating Unforgettable Live Experiences

HyStez is dedicated to delivering world-class live entertainment experiences, bringing together music, film, fashion, and live performances to create unforgettable moments. By curating high-profile events and collaborating with leading artists, performers, and industry professionals, HyStez ensures that every event is immersive, engaging, and seamlessly executed. From music festivals and film premieres to reality shows and stand-up comedy, HyStez offers a diverse range of entertainment experiences designed to captivate audiences and elevate the global entertainment landscape.

#### Live Entertainment

HyStez organizes spectacular live music concerts, featuring internationally renowned artists, regional talent, and emerging musicians. These events offer audiences a chance to experience high-energy performances, state-of-the-art sound and lighting effects, and interactive fan engagement activities. With carefully curated line-ups and cutting-edge production, HyStez concerts provide an immersive musical journey across various genres.

#### Single/Multiday Music Festivals

HyStez brings multi-genre music festivals to life, spanning one-day, weekend, and extended formats. These festivals feature multiple stages, live DJ sets, cultural performances, and immersive festival experiences, attracting music lovers from around the world. From electronic dance music (EDM) festivals to rock and indie showcases, HyStez ensures diverse musical offerings for every audience.

#### Movie Premieres & Screenings

HyStez hosts exclusive film premieres and special screenings, offering audiences the chance to watch the latest blockbuster releases, independent films, and cinematic masterpieces before their official public release. These events provide red-carpet experiences, celebrity interactions, and media coverage, enhancing the excitement and prestige of the film industry.

## Film Award Shows

Recognizing excellence in cinema, HyStez organizes prestigious film award ceremonies, celebrating the achievements of filmmakers, actors, and industry professionals. These grand events include live performances, red carpet interviews, celebrity appearances, and global media coverage, positioning HyStez as a key player in the entertainment industry.

## Fashion Shows

HyStez curates high-profile fashion shows, featuring top designers, emerging talent, and exclusive collections. These events provide a platform for fashion innovation, trendsetting, and brand collaborations, bringing together designers, models, and industry professionals in a glamorous showcase of creativity and style.

## Reality Shows

HyStez expands into the realm of reality television and live competitions, producing and managing talent-based, adventure, business, and elimination-style shows. **Talent Shows** (like America's Got Talent, Indian Idol), **Elimination Shows** (like Big Boss, Master Chef), **Business Shows** (like Shark Tank, The Apprentice), Adventure or Survival Shows (like Khatron-Ke-Khiladi, MTV Roadies)

## Stand-Up Comedy Shows

HyStez supports the stand-up comedy industry by hosting live performances featuring renowned comedians and rising talents. These events offer a platform for humour, satire, and storytelling, attracting audiences who enjoy live entertainment in an engaging and interactive setting.

## Theatre Performances

Promoting the performing arts, HyStez organizes theatrical productions, including dramas, musicals, and experimental theatre. These events celebrate creative storytelling, offering audiences a chance to experience high-quality stage performances and cultural productions in a live setting.

## HyStez Exclusive Event Line-ups

### HyStez Exhibitions & Trade Shows

HyStez organizes world-class expos and trade shows that bring together industry leaders, innovators, businesses, and professionals from various sectors.

**Crypto & Blockchain Expo** : A global platform showcasing blockchain, DeFi, NFTs, and tokenization, bringing together developers, investors, and industry leaders to explore the future of digital assets.

**Forex Expo** : A premier event for currency trading, market analysis, and financial strategies, connecting Forex traders, brokers, and financial institutions for networking and insights.

**AI & Robotics Expo** : Showcasing cutting-edge AI, automation, and robotics, this expo highlights smart technology innovations and AI-driven business solutions shaping the future.

**Startups & Entrepreneurship Expo** : A hub for startups, investors, and entrepreneurs, providing opportunities for funding, mentorship, and business expansion.

**Real Estate Expo** : Bringing together developers, investors, and buyers, this expo explores real estate trends, smart city innovations, and lucrative investment opportunities.

**Export-Import Expos**: Focusing on global trade and supply chain management, this expo connects businesses, manufacturers, and distributors to expand international markets.

**Travel & Adventure Expo** : An exciting event for tourism boards, travel agencies, and adventure companies, featuring new travel destinations, sustainable tourism, and adventure experiences.

**Fine Arts & Craft Expo** : A showcase of creative excellence, featuring artists, sculptors, and designers, promoting traditional and contemporary art in a global marketplace.

**AgriTech Expo** : Highlighting innovations in smart farming, precision agriculture, and organic food production, connecting farmers, agribusinesses, and technology providers.

**Automotive and Transport Expos**: Featuring electric vehicles, smart mobility, and next-gen transport solutions, this expo connects automakers, logistics companies, and industry experts.

**Food and Beverage Expos** : Bringing together chefs, food manufacturers, and suppliers, this expo showcases culinary innovations, organic food trends, and sustainable packaging solutions.

**Health and Wellness Expos** : A gathering of healthcare professionals, wellness brands, and fitness experts, featuring medical advancements, holistic wellness, and preventive healthcare solutions.

## Stakeholders in HyStez

HyStez operates within a dynamic ecosystem that involves multiple stakeholders, each playing a crucial role in the success of its sports, entertainment, and trade event management platform. Below is a structured list of key stakeholders:

- **Investors & Financial Partners**
  - **Angel Investors & Venture Capitalists** – Provide funding for growth and expansion.
  - **Crypto Investors & Token Holders** – Support the ecosystem through token purchases and staking.
  - **Strategic Partners** – Businesses and organizations investing in HyStez for mutual benefits.
  
- **Event Organizers & Management Teams**
  - **Sports Federations & Leagues** – Governing bodies of different sports collaborating with HyStez.
  - **Music, Film & Entertainment Producers** – Organizers of concerts, award shows, and reality programs.
  - **Exhibition & Trade Show Planners** – Industry leaders managing expos and business networking events.
  - **Venue Owners & Operators** – Provide stadiums, arenas, and event spaces for HyStez events.
  
- **Athletes, Performers & Celebrities**
  - **Professional & Amateur Athletes** – Participants in sports tournaments and competitions.
  - **Musicians, Bands & DJs** – Performers for concerts and music festivals.
  - **Actors, Filmmakers & Influencers** – Celebrities endorsing or participating in entertainment events.
  
- **Fans & Audience Members**
  - **Sports Enthusiasts** – Fans attending or engaging with live sports events.
  - **Concert & Festival Attendees** – Music lovers and entertainment fans.
  - **Trade Show Visitors & Entrepreneurs** – Business professionals attending expos and networking events.
  
- **Sponsors & Advertisers**
  - **Corporate Sponsors** – Brands and companies funding events for promotional exposure.
  - **Advertising Agencies & Media Partners** – Promote and market HyStez events globally.
  - **Crypto & Blockchain Projects** – Partnering for blockchain-based utilities and sponsorships.

- **Government & Regulatory Authorities**
  - **Sports & Cultural Ministries** – Oversee event compliance with regulations.
  - **Tourism & Economic Development Boards** – Support international events for regional growth.
  - **Tax & Financial Regulators** – Ensure compliance with financial laws and blockchain regulations.
  - **Health & Safety Regulators** – Monitor and enforce public health and safety standards at events.
  
- **Technology & Blockchain Partners**
  - **Blockchain Developers & Exchanges** – Support HyStez token transactions and listings.
  - **AI & Data Analytics Firms** – Enhance event experiences through predictive insights and automation.
  - **Streaming & Digital Content Platforms** – Enable live broadcasts and digital fan engagement.
  - **Cybersecurity & IT Firms** – Ensure the protection of digital assets, ticketing, and blockchain infrastructure.
  
- **Merchants & Service Providers**
  - **Ticketing Platforms & Payment Gateways** – Facilitate ticket sales and in-event purchases.
  - **Hospitality & Travel Services** – Support accommodations, transport, and tourism experiences.
  - **Food & Beverage Vendors** – Provide services at event venues.
  - **Event Equipment & Infrastructure Suppliers** – Provide sound, lighting, and stage setup for events.
  
- **HyStez Token Holders & Community**
  - **Retail Investors & Stakers** – Contribute to the ecosystem by holding and staking HyStez Tokens.
  - **Community & DAO Members** – Participate in governance, voting, and platform decision-making.
  - **NFT Collectors & Digital Asset Traders** – Engage with tokenized event memorabilia and exclusive content.
  
- **Media & Press**
  - **Broadcasting Networks & Sports Channels** – Cover live sports and entertainment events.
  - **Online & Print Media Publications** – Report event highlights and industry developments.
  - **Social Media Influencers & Content Creators** – Promote HyStez events to a broader audience.

## Tokenomics

**What is Tokenomics?** Tokenomics is a combination of "token" and "economics", refers to the economic model and structure of a cryptocurrency token within a blockchain ecosystem. It defines how tokens are created, distributed, utilized, and managed to ensure long-term value, stability, and sustainability.

### HyStez Token Details

Token Name	HyStez Token
Token Symbol	HTZ
Initial Token Supply	1,000,000,000
Blockchains	BIGB Smart Chain, Binance Smart Chain, Polygon
Token Type	Multichain Utility Token

### Token distribution

#### What is Token distribution?

Token distribution refers to the process of allocating and distributing cryptocurrency tokens within a blockchain-based ecosystem. It defines how tokens are assigned to different stakeholders, ensuring a balanced and structured supply.

### Fund Utilization

#### What is Fund Utilization?

Fund utilization refers to the strategic allocation of capital raised through ITO, ICO, or other funding rounds. It defines how the collected funds will be spent to ensure the project's growth, development, sustainability, and overall success.

## Initial Token Offering (ITO)

**What is Initial Token Offering?** An Initial Token Offering (ITO) is a fundraising method in which a company or project issues and sells digital tokens to investors. Similar to an Initial Coin Offering (ICO), an ITO typically involves tokens with specific utilities or functions within its own platform or associated ecosystems, offering practical applications beyond mere investment.

### HyStez Token Offering Phases

ICO Phases	Token Rate	Tenure	Max Sellable Tokens	Bonus Tokens on every Buy
Phase I	\$ 0.1	30 days	100,000,000	100% Tokens in 365 days (0.274% per day)
Phase II	\$ 0.2	30 days	50,000,000	50% Tokens in 365 days (0.137% per day)
Phase III	\$ 0.3	30 days	25,000,000	25% Tokens in 365 days (0.0685% per day)

#### Note:

- ICO bonuses will be issued exclusively to original buyers who purchase tokens directly from the company's official website or DApp.
- Daily bonuses will be credited to the internal wallet of the smart contract, and token holders can withdraw these bonuses to their crypto wallet addresses at any time.
- ICO token buyers can transfer or sell their tokens to others at any time. However, the original buyer remains eligible for the ICO bonus for the specified duration, as per the ICO bonus table.

*For example, if Ram purchases 100 tokens directly from the company during Phase 1 of the ICO and transfers 50 tokens to Shyam, Ram will still receive the ICO bonus for the entire 365-day period against the 100 tokens purchased initially. Shyam, however, will not be eligible for the ICO bonus since he did not purchase tokens directly from the company.*

- Every peer-to-peer token transfer will be subject to the token burning mechanism. Refer to the Token Burning Mechanism section for detailed information.

## Affiliate Bonus

**What is Affiliate Bonus?** An Affiliate Bonus is a reward or commission given to individuals or partners (affiliates) who help promote a product, service, or platform and bring in new users or customers. In the context of crypto and blockchain projects, an affiliate bonus is commonly used in token sales (ITO, ICO) to incentivize referrals.

Levels	Bonus Tokens	Conditions
1	4%	1 direct of minimum \$10
2	2%	2 directs of minimum \$20
3	1%	3 directs of minimum \$40
4	1%	4 directs of minimum \$80
5	2%	5 directs of minimum \$100

**What is Staking Bonus?** A Staking Bonus is an additional reward given to users who stake their tokens for a longer period or larger amount. This bonus can be in the form of extra tokens, governance privileges, or reduced transaction fees. In the case of Hystez, the staking bonus will be provided as extra tokens, calculated as a percentage of the staked tokens. Refer to the table below for details.

Tokens Quantity	Tenure Options	
	6 Months	12 Months
100 HTZ to 9,999 HTZ	8% Bonus HTZ	18% Bonus HTZ
10,000 to 49,999 HTZ	10% Bonus HTZ	22% Bonus HTZ
50,000 + HTZ	12% Bonus HTZ	26% Bonus HTZ

## Affiliate Staking Bonus

**What is Affiliate Staking Bonus?** An Affiliate Staking Bonus is a reward given to users who refer others to stake their tokens. The referrer earns a percentage of the staking bonus received by their direct referral. This incentivizes users to promote staking participation within the ecosystem.

Affiliate Staking Bonus in HyStez:

- Referrers earn **5%** of the staking bonus received by their direct referrals.

## Token Burning Mechanism

**What is Affiliate Bonus?** A Token Burning Mechanism is a process in which a certain number of tokens are permanently removed from circulation, reducing the total supply. This is often implemented to create scarcity, enhance token value, and support a deflationary economic model.

In the case of HyStez, token burning will be strategically structured to reduce the circulating supply, with the goal of increasing the token's value over time, ultimately benefiting all token holders.

- **Burning on Transfer:**

Whenever tokens are transferred from one address to another, a burn mechanism will be applied in phases:

- Phase 1: 5% of the transferred tokens will be permanently burned from the receiver's address.
- Phase 2: 3% of the transferred tokens will be burned.
- Phase 3: 2% of the transferred tokens will be burned.

These burned tokens will be deducted from the total circulating supply.

Note: This burn mechanism will only be in effect until the tokens are listed on exchanges.

- **Burning on Utility Use:**

Tokens will also be burned whenever they are used for any of the utilities outlined in the HyStez Token Utilities section. Once tokens are used for a utility, they will be permanently burned and removed from the total circulating supply.

## How to Buy HyStez Tokens?

- **DApp (Decentralized App):**

Tokens can also be bought through the HyStez DApp (Distributed Application) accessible via the website.

*\*Note: The terms and conditions for tokenization criteria and token burning criteria are subject to change at any time if required.*

## Roadmap

## HyStez Token Utilities

**What is Token Utility?** Token utility refers to the specific purpose and function a token serves within its ecosystem. It defines how the token can be used, such as for transactions, governance, staking, rewards, or accessing platform-exclusive features. Unlike purely speculative cryptocurrencies, utility tokens provide real-world value within a blockchain network. Their demand is driven by the services and functionalities they enable rather than just market speculation.

HyStez token buyers gain access to an exciting range of utilities that enhance their experience, provide exclusive benefits, and create tangible value within the ecosystem.

### Key Utilities of HyStez Tokens

#### Ticket Purchase with HyStez Tokens

- Purchase event tickets, such as sports events, concerts, or shows, directly with HyStez tokens, creating a seamless and convenient experience.
- Enjoy **discounted ticket** prices when paying with HyStez tokens, making token usage even more rewarding.
- Gain **early or exclusive access** to ticket pre-sales, ensuring first-mover advantage for high-demand events.
- Access special token-only ticket categories, such as **premium passes**.

#### Exclusive Access and VIP Perks

- Unlock **VIP entry, premium seating**, or access to VIP lounges during events.
- Enjoy limited **backstage passes** or **meet-and-greet sessions** with performers or celebrities through HyStez tokens.

#### In-Event Enhancements

- Use tokens for **discounts on food, drinks, and merchandise** during events.
- Redeem exclusive merchandise such as apparel, and limited-edition items with HyStez tokens.

## Fan Engagement and Interaction

- Participate in event decisions by **voting** on elements like **song choices**, or halftime entertainment.
- Earn tokens or win **prizes** by taking part in interactive **games** and challenges during events.
- Receive public **shout-outs** or social recognition, such as having your name displayed on big screens or mentioned by performers.

## Streaming and Digital Content Access

- Access **high-definition** live streaming of events exclusively for HyStez token holders.
- Enjoy exclusive highlights, **behind-the-scenes footage**, and post-game analyses.
- Own limited-edition **NFTs** of iconic event moments or collectibles, available for purchase or trade with tokens.

## Community and Social Networking

- Join exclusive **online fan clubs** and **forums** where you can engage with **athletes, artists,** and other fans.
- Receive **invitations** to private virtual events, Q&As, and after-parties.
- Participate in **meet-and-greets** with influencers or **celebrities** connected to the events.

## Charitable and Social Impact Initiatives

- Contribute to charitable causes directly through token proceeds or **donations**.
- Participate in or **vote** for social impact initiatives supported by the platform.

## Physical and Digital Memorabilia

- Redeem special event-themed souvenirs such as limited-edition **scarves**, **caps**, and **posters** with HyStez tokens.
- Collect unique digital achievements for each event you attend, building your personal gallery of memories.
- Get access to **priority parking spots** at event venues.

## Upgraded In-Event Services

- Receive **personalized event kits**, including guides, **branded merchandise**, and **complimentary snacks**.
- Enjoy concierge services to assist with navigating venues, finding seating, or accessing other event features.

## Financial Incentives

- Earn **staking rewards** by holding and staking your HyStez tokens.
- Access exclusive investment or **crowdfunding opportunities** related to the events or organizations.

## Governance and Decision-Making

- Gain **voting** rights in a decentralized autonomous organization (DAO) to influence platform decisions or event features.
- Propose and **vote** on community-driven initiatives, shaping the future of the HyStez ecosystem.

Elevating the Stage for  
Sports and Entertainment.

# Thanks!

We are committed to creating an ecosystem where  
**HyStez** token holders receive real value and  
exclusive experiences, making each event  
memorable and rewarding!
